CLAIMS HE THREW HER DOWN STAIRS

ROCK ISLAND WOMAN AVERS IN BILL FOR DIVORCE THAT HUSBAND IS CRUEL.

Asserts That He Attacked Her With Knife and Attempted to Take Her Life.

Mrs. Mamie Hoffman of Rock Island, in a bill for divorce filed by her attorney J. K. Scott, this morning charges that her husband Fred R. Hoffman, threw her headlong down the stairs of their home on June 1 last.

Insult and cruelty are the grounds on which the divorce is sought. Judge Ross the foregoing allegation, she asserts that previous to that time he had beat her with his fists, and once attacked her with a knife, threatening to kill her.

She avers to the declaration that on April 19, 1912, she was married to him in Davenport and lived with him bearing all of the abuse until Aug. 15, 1914, when he deserted her. She asks that the court restore to her her maiden name, which was Mamie Ross.

Charges Desertion. Mrs. Jennie Gibson also filed suit for a divorce in circuit court this morning, charging desertion, against her husband, Will Gibson. She states that the couple was married in Owensboro, Ky., Dec. 31, 1906, and that the husband deserted her on March 1, 1913. She asks for the custody of the single child, Margaret, aged 8.

BUTLER EXPLAINS TOURNAMENT MATTER

SOL STATES THAT INJURY TO KNEE KEPT HIM OUT OF BIG DECATUR EVENT.

Sol Butler, star athlete of the Rock Island high school today comes forward with a statement, to answer a number of curious ones, who could not understand why he did not take part in the state tournament at Decatur Friday and Saturday. In this connection Sol states that it was not due to a lack of loyalty or spirit as he has always given the Red and Gold the best that there is in him. Previous to the Davenport game Butler's

knee was examined by a physician, who found the member in a very bad condition. He advised the colored star to quit basketball if he wanted to participate in the track work this spring.

In spite of the warning by the physician and Coach Roe he took part in the Davenport game, which made the injury worse. A second examination proved that Sol was in no condition to play at Decatur. Butler's friends well understand the risks he has taken on the gridiron and in basketball. He is using his athletic ability to secure an education and an injury would hamper him for life. Seldom, if ever, do track athletes play on the football field or on the basketball floor, but Butler has done this because of his loyalty to the local school.

MEN ARE PINCHED FOR BOLD THEFTS

ROBERT FORD AND ED. NELSON, BOTH OF DES MOINES UP FOR TAKING MEAT.

Alleged to Have Hired Wagon and to Have Loaded it With Goods From a Box Car.

Two men giving the name of Robert Ford and Ed Nelson, claiming Des Moines, Iowa, as their home, were arrested, the former Saturday and the latter Sunday, for one of the boldest daylight thefts ever attempted in the city. Both were turned over to U. S. Marshal Walter Williams, and will be taken to Peoria to plead to a charge of stealing interstate shipment goods, before the federal court.

Saturday noon, Nelson and Ford appeared at the Carpenter livery barn and rented a horse and single wagon, stating that they were going to move some goods of their own. They drove to the Burlington yards on Twenty-first street, backed up to a freight car on the siding and leisurely loaded on a quantity of veal loaf and sausages and two large sacks of beans. Railroad employees and teamsters in the yards at the time thought nothing of the incident, presuming that the men had been sent there by the grocers to whom the goods were consigned.

Wagon Breaks. They started over the bridge at Twenty-fourth street, with Davenport as their destination, but one of the wheels gave way. The men succeeded in getting the wagon to Bowles Bicycle shop at Twenty-second street and Third avenue, where a new wheel was placed on the wagon. The men then drove down town. Bowles phoned the police of the incident, stating that the men had some groceries on the wagon, which aroused his suspicions. Several minutes later a call came from Andy Coleman, butcher in the 1500 block on Second avenue, that two men were trying to sell him some veal and sausage. Officer Kirsch was immediately dispatched to the scene and arrested Nelson, and took the outfit to the station. Ford became suspicious when Coleman phoned and escaped. He was captured in Davenport yesterday.

If convicted of the charge against them the two face a long term in the penitentiary.

FLOOD WILL TALK AT UNION MEET

PROMINENT ORGANIZER TO ADDRESS FEDERATION AT INDUSTRIAL HALL.

The Tri-City Federation of labor has made final arrangements for an address by Organizer Emmet T. Flood on Thursday evening, at the Industrial Home building. Mr. Flood will speak on organization generally and upon the success achieved by organized labor through the securing of remedial and beneficial legislation in congress and the various states.

Organizer Grant Hamilton was to have been the speaker originally but he has been transferred to San Francisco to install the American Federation of Labor exhibit at the Panama exposition.

As the date for Mr. Flood's address falls on the regular meeting day of the Tri-City Federation of labor, business will be omitted and all trade un-

ionists and the public are cordially invited to attend.

In order to transact some urgent business, a special meeting of the delegates composing this central body has been called for Tuesday evening, March 16.

RIVER OFFICIALS WORK ON PROJECT

MAJOR HOFFMAN IN ATTENDANCE AT ENGINEERING BOARD MEETING.

Major George M. Hoffman, in charge of the local United States engineer's office, is in St. Paul today where a board of river officials will tomorrow conduct a public hearing on the proposed extension of the water front in the Minneapolis metropolis.

Col. C. McD. Townsend of St. Louis, formerly occupying the position now held here by Major Hoffman, and Lt. Col. S. Charles Potter of St. Paul are the other two members of the board. The body held a session today, discussing the principal matters in connection with the project so as to be in a position to fully respond to any questions which may arise at the meeting tomorrow.

DAMAGE IS WROUGHT BY FIRE FROM A CHIMNEY

Damage amounting to \$150 was wrought by a fire at the home of John G. Kehoe, 816 Twenty-fourth street, yesterday morning at 11 o'clock. The blaze started underneath the roof near the chimney, presumably from a defective flue, and had probably burned some time before it was discovered. Although a large hole was made in the roof, the fire ladders succeeded in putting out the flames with chemicals.

The department was called at 5 o'clock Saturday afternoon to the home of J. J. Taxman, 2330 Fifth avenue. Fire broke out in one of the bed rooms upstairs, and it is thought that the blaze started by children playing with matches. Clothes and furniture were destroyed and the woodwork of the room scorched.

MURDER CASE IS SECOND ON LIST

MAN WHO KILLED WIFE IN MO-LINE QUARREL WILL GET HEARING VERY SOON.

Unwritten Law, It Is Said, Will Be the Defense — Charges Infidelity Prompted Action.

The criminal trial list, which will be taken up in circuit court on Monday, March 22, has been revised by State's Attorney Floyd Thompson. A murder case is set second on the calendar.

Joseph Van Nevel, charged with taking the life of his wife by shooting her twice in the abdomen with a revolver, in a quarrel they had in Moline, is the defendant, and he has retained G. A. Shalberg to defend him.

Van Nevel, it will be recalled, followed his wife from Michigan, where they resided, to Moline, where he accused her of being intimate with another man. The quarrel and shooting ensued.

It is understood that the defense in the case will be the "unwritten law," and the examination of the jurors to hear the case will be awaited with interest by court house followers, to determine what the state will ask as punishment should the jury find the man guilty.

The first case is against Trefon Dille, on charge of crime against children. It will likely be disposed of in a short time, so that by a week from tomorrow, unless some unforeseen occurrence arises, work on securing a jury will be taken up a week from tomorrow.
